CLEAN UP FAST!

JUST ADD WATER

AccuSteam®

HIGH PRODUCTION GRIDDLE

We loaded the AccuSteam® Griddle with burgers to demonstrate how quickly and easily the AccuTemp® griddle cleans up – in *five minutes* it's clean and ready to use again.

Scrape surface with turner. Squeegee off debris.

Add water and scrub with a long-handled pad holder.

Pour more water onto the griddle, then squeegee it off.

Reload!
Start to finish, five minutes is all that is needed to clean the surface of the AccuSteam griddle. Tired of spending hours scrubbing and scraping your griddle? Upgrade to the AccuSteam griddle from AccuTemp.

AccuTemp product may be covered by one or more US Patents. See www.accutempip.net.
